Apple TechStep: List of Available ROM Packs (12/93)

Article Created: 4 September 1992

Article Reviewed/Updated: 2 December 1993

* RESTRICTED: Apple Internal and Support Providers Only *
Not For General Public Release

TOPIC -----

Apple TechStep Starter Kit (part number 652-0607) includes the Apple TechStep Assembly and these two ROM Packs:

- CPU Tests, Vol. 1, v1.0
- SCSI HD Test

along with other accessories.

In addition to the two ROM Packs that are shipped with the Apple TechStep Starter Kit, Apple offers 3 other ROM Packs, as separate order items, to complement and expand the list of Apple products that can be tested with Apple TechStep. Effective September 1993, No additional ROM packs will be released. Future CPU diagnostics will be incorporated into MacTest Pro.

This article provides Authorized Apple Service Providers with an up-to-date list of available ROM Packs for Apple TechStep.
