MACINTOSH UPGRADES

These products require installation by an authorized Apple Service Provider, unless otherwise noted. The upgrade components contain proprietary software that is licensed, rather than sold to you in conjunction with the sale of non-software items. These components may be used only for replacement of the same or comparable components in Apple Products. These components may not be sold or sublicensed except to the owner of an Apple Product as part of the servicing or upgrade of that Product, and the replaced components must be received in exchange.

Developer Discount Price for the upgrade products listed below includes a credit (refund) that will be issued within 4-6 weeks to the purchaser upon receipt of the replaced components by Apple Computer (Product Return Form is included in the upgrade box). When placing an order, attach payment in the amount of the Developer Discount Price.
