

What's a Fast Service without TechStep? 🙄

This is a concept ONLY for entertainment and nostalgia purposes. There is NO affiliation with Apple in any way.

Dear Valued Service Provider,

As an Apple authorized dealership and service provider, are you struggling to resolve Macintosh problems for your customers? Do you spend many hours with traditional troubleshooting steps?

😓 With the new and revolutionary TechStep from Apple, you can diagnose issues quickly and accurately without opening up the Macintosh! 😊

check the logic boards, power, CPU, memory, video, SCSI, floppy disk drive, hard drive, and every bit of the entire Macintosh from head to toe. You can operate TechStep with batteries or AC power. 💪⚡

Contact us today at AppleOrder or through Apple Service Prices. We will be pleased to expedite a new TechStep to your service shop. 🚚✅

Today, Make Service Easy and *Speedy*! 🏃💨

TechStep will reduce the turnaround times for your shop. You got that right, partner! 😊 Designed with simplicity and speed, the TechStep will be very handy in your service shop, boosting your service technician's productivity, morale, and professionalism and increasing shop profits, all while saving money for your customers. Complete with a full suite of testing ROM programs, connection cables, program disks, and service guides for the entire Apple product line, the TechStep can

Cheers from Apple! 🙌😊

The power to be your best! 💪😊
